Seniors’ Club
What a ride -- 2019 was another great year of golf for all us seniors' club members. When you hear the words never too old to learn, they could be talking about senior golfers. You can look out on the driving range or the putting green almost any day of the week and you will see the seniors working on their game. Many lessons taken during the year from our Professional Golf Teachers here at Turlock Golf and Country Club. Everyone wants to get better and we all have! Remember my friends, " We cannot become what we want by remaining what we are". As we have golfed here at Turlock and up and down the valley to some of the finest courses around, many new friendships have been made and old ones strengthened. That in itself is a good reason for becoming an active playing member of the Turlock Seniors' Club. That is not the only reason, fun affordable competitive golf just about every Friday either here at Turlock or on the road to other country clubs too. Interested, either call me direct at 634-3643 or check with one of our Golf Professionals in the Pro Shop. Sign up sheet is on the bulletin board in the Pro Shop for seniors’ club 2020 team shirts. Team shirts will be paid by your sweeps money or charged to your club account.

Friday, 6 December we had an intra club game, winning teams were, Mike Vincent, r fortado, Gary Younkin, second place was Jim Hankal, Richard Larson and Bill Nixon. Intra club game on the 13th of December, the winning team was Paul McRoberts, James Hankal, Richard Larson and Bill Nixon. Intra club game on the 20th of December winning teams was, first place, Joe Adams, John Rogers, Paul McRoberts, and r fortado, second place team was Jerry Parson, Steve Bracken, and Don Duree. Every win is a celebration, not because it's a win, but because of all the hard work that went behind it. What fun it is to be a member of the Turlock Seniors’ Club!! The bandit has been around and he has never seen such great fellowship, come join up with us. "Remember My Friends, "May we encourage each other in our efforts to play and score well and complement those that work diligently to do so" -----The Senior Roving Reporter ----The Bandit.

BOARD ACTION ITEMS
- Move $28,819.23 from the reserve account to the operation account for deferred maintenance
- Approved CPA review for the first 6 months 2019
- Approved town hall meeting on January 3rd for Proprietary Members
- Approved golf policy manual to start February 1
- Approved changing the late fee to 18% or $50 whichever is higher beginning February 1
- Motion to allow Proprietary members to pay full dues minus capital and lost dues by January 30th for a 3% discount
- Approved all new members
- Approved sending the recommended bylaw changes to the membership for a vote
- Approved new dues structure to start on February 1 contingent on the bylaw vote
- Approved insurance proposal pending other bids.
Tee Birds (Ladies Nine Hole Group)
By Ruth Fortado, Captain

Whew!! The Christmas holiday has come and gone, but wait, here are the awards given at the Tee Bird breakfast (which was a blast!)

Joyce Patrias was awarded a most improved player for the year as well as the Captain's Trophy winner. Marlene Hendrickson and Cory Rucker shared the winner's circle for the Putting Contest, Ruth Fortado took the Tournament of Champions trophy, Joyce Coughran took some winning money for Ecci. All of our Tee Birds were winners this year!! Now is the time to take a month-long nap! The Tee Birds would love for you to join them on Tuesday mornings for some fun golf, contact me at 634-3643 looking forward to hearing from you!

As you ponder the past year and look forward to the new year, welcome this New Year full of things that have never been!!
Remember to always look forward with a brightness of Hope!
Happy Trails

Contributed by Tee Birds Ruth Fortado.

Super News
By Tom Karrer, Superintendent

I hope everyone had a great Christmas and wishing a Happy New Year to you all. Greens are doing well, and we will be ripping out Bermuda encroachment and replacing with bentgrass sod and or plugs as needed. We continue to deep needle tine and topdress w/ sand through the winter months on a monthly basis. Also, this winter we will be gathering up all the golf accessories up and re-painting for the new year and get them back on the course as we go. Bunkers depths have been checked and sand has been replenished, remember when raking, never rake down on the edges or faces, always rake up so as not to lose the sand on the faces. We have been raising/leveling all the spray heads. When completed we will raise/level irrigation hardware like valve boxes, sprinkler heads, quick couplers and complete some larger mainline and lateral valve repairs. Another area of winter work will be trimming as much of the oleander hedges as time allows. Getting the pump stations preventative maintenance accomplished and ready for the new golfing season, is also scheduled. The landscape around the Clubhouse is almost completed as we have been busy converting older spray heads into drip systems, adding landscape/weed fabric and adding cobblestone to cut down on maintenance cost, water usage and to refresh the look. We also cut back the area to be planted in flowers to save some yearly cost.

Thank you all for your patience during these processes, again I wish everyone a very Happy New Year.

Happy Golfing and see you on the course.

New year resolution:
Laugh a little louder, smile a little bigger, love a little deeper, and walk through life a little slower.

TEE BIRDS!
NEW YEAR, NEW MINDSET!

In 2019, among the top 4 New Year’s Resolutions were:
- EXERCISE MORE
- LOSE WEIGHT
- EAT HEALTHIER

Year after year I see the same people making these resolutions only to give up within 3 to 4 months just to recommit every January to these same resolutions.

So, what’s holding Americans back from sticking to these resolutions? Better yet, what’s holding YOU back?

In my experience, it’s the fact that too many people want an “answer” or a quick fix to something that takes a lifelong commitment. Healthy doesn’t come in the form of a 3-day juice cleanse, 30-day whole food commitment or a 6-week meal plan. Forever fat loss comes from LEARNING YOUR BODY, CHANGING YOUR DAILY HABITS AND HAVING the DISCIPLINE TO DO WHAT’S GOOD FOR YOU EACH DAY!

A diet can help you shed 10, 20, 30+ pounds, but the majority of people end up gaining the weight back plus more (IF they even end up losing it in the first place). This is because quick fixes aren’t the answer! And there’s a BIGGER problem... the more you lose and regain the weight, the harder each successive attempt at losing weight becomes.

There’s no diet book, special workout program or pill that will produce lasting results. Lasting change comes from changing your mindset around diet and exercise. Instead of focusing on overhauling your life, break it down into easy and achievable goals! Below I’ll help you get started!

If your goal is to lose weight and eat healthier, don’t only focus on the elimination of all good things, but instead, focus on adding healthy behaviors and foods to your day:
1. Add a vegetable to your 3 main meals each day.
2. Drink ½ your body weight in ounces of water.
3. Add a lean protein to your 3 main meals each day.
4. Add a thousand steps to your daily movement.

You can also focus on making small swaps to save calories:
1. Instead of the Starbucks latte, opt for black coffee, or add just a splash of creamer and stevia.
2. Instead of a full serving of pasta, do ½ a serving, and swap the other half out for zoodles or another low-calorie option.
3. Instead of a midday soda, opt for sparkling water if you need the carbonation.

Long-term change comes from daily habit change! Diets don’t teach you how to change for the long-term, but instead, give you short-term tools for short-term success.

Simply focus on getting in more movement and swapping out some calorie-dense foods for healthier, lower-calorie options! One small change at a time will lead to lifelong success!

If you feel like it’s getting harder and harder to lose weight, download my FREE Metabolic Makeover Guide HERE!

**Men’s Club**  
*By Ben Bazar, Men’s Club President*

The Men’s Club will celebrate a changing of the guard in 2020, Wayne has graciously passed the duties down to myself, Ben Bazar (the quite, well dressed man, with exquisite manners many of you have seen at the upstairs bar), and with your abetment I plan on making 2020 a magnificent year for our Club. Wayne will retain the financial operations of the Men’s Club and I will run the tournaments, write the newsletters, and hopefully increase participation in all of our events. Kicking off 2020 we starts strong with the annual A,B,C,D tournament on January 18th with a 9 am Shotgun. I strongly encourage everyone to sign up in the pro shop. I know we have many new members and a few that have never played in a tournament, this tournament is great for all handicaps and helps members met each other in a mix up from everyone’s normal pairings. I joined 11 years ago and knew 1 member at TGCC, these tournaments are how I met members and it greatly increased my enjoyment of the club. If anyone ever has any questions or comments regarding any Men’s Club events or news please feel free to reach out to me directly at my email address (Benbazar@gmail.com). Also, if anyone has any suggestions for new events, alterations to current events, or wonders what “sweeps” are like I did for the first 3 years of my membership please feel free to drop me a line. I really want to see some new faces out there in 2020. Until next month and hopefully all your troubles during the coming year be as short as your New Year’s resolutions! Play well.

---

**Dave Harmon’s Monthly Tip**  
*Dave Harmon, PGA Professional*

Numbers Don’t Lie

Other than club speed being the main factor for distance that the ball is hit, the next most important factor is centeredness of contact. Swinging faster with poor contact results in less distance than a slower swing making better contact which will also result in an increased consistency of ball flight. Off center hits will cause the club to twist away from the ball which reduces energy into the ball and causes inconsistent ball flight. For example, a driver club speed of 80 mph with a ball speed number of 110 mph would result in a 165 yard carry as a 77 mph speed with 114 ball speed would be 175 yard carry. A 100 mph club speed with 140 ball speed results in a 227 yard carry as the same speed with 145 mph ball speed from a more centered hit results in a 238 yard carry.

A club that is too long or too heavy or light can result in off center hits. With the latest technology in drivers, the mishits are sometimes hard to feel so some impact tape or powder helps to identify the pattern of contact on the face.

---

**Golf Shop News**  
*By David Baucom, Assistant Golf Professional*

Happy New Year, we hope your Holiday Season was filled with joy, family, and happiness! Thank you, for your continuing support of the Pro Shop. Keep on the lookout for all the new and exciting things that will be coming this season. We are planning upcoming demo days and clinics for game improvement as well as getting ready for some super sales through the Winter!

**List of Golf Events**

- Jan 18th 9:00 AM Men’s Club A.B.C.D.
- Jan 19th 12:00:00 PM Couples Club
- Jan 25th All Day Men’s Club Sweeps
- Jan 29th All Day Proprietary Member Guest Day
President’s Message
By Steve Williams, President

Good morning TGCC Members,

Merry Christmas and Happy New Year! I hope everyone had some time to enjoy the company of their family and friends.

What a year we have had at TGCC. The 2019 year has been a year of change, challenges, and laying the groundwork for the future growth and prosperity of the Club. I have been honored to serve as your President this year. We have a dedicated Board and talented staff prepared to serve the needs of our membership now and into the future.

As we prepare to seat a new Board for the 2020 year, there are several items the 2019 Board started which will need to be prioritized and addressed by the new Board. Some of these items include selecting a permanent General Manager, setting the management structure and staffing of the Pro Shop, continuing the discussion regarding remodeling options and/or adding additional structures and activities to the Club.

These are just a few of the items that this year’s Board has set in motion in an effort to improve the member experience and ensure the long-term relevance and vitality of the Turlock Golf and Country Club.

The next major step in building on the forward momentum of the Club’s future success is the vote on the proposed Bylaw amendments at the Annual Meeting, January 15, 2020. The proposed Bylaw amendments are the culmination of at least two years of work by individual members, committees, Board Members, and staff of the Club.

In years past, members have voted on a couple Bylaw amendments and in some years there have not been any. This year, we are asking for your support in a more significant revision. We believe this revision is necessary to make sure we stay current and competitive as a private country club.

Many of the proposed Bylaw amendments are interconnected and dependent upon one another. To be most effective and to avoid potential Bylaw conflicts, we believe it is best to presented as a Bylaw revision instead of as individual, stand-alone Bylaw votes. For these reasons, all of the Bylaw amendments are being presented to the membership as a single vote on an entire Bylaw amendment package.

We believe these Bylaw amendments are not only necessary but are very good and will serve the Club for years to come. There will be an informational Town Hall meeting on Friday, January 3, 2020, at 6pm, to present the Bylaw amendments and answer any questions about our proposal. I hope you will join us for the Town Hall meeting and support the Bylaw amendments.

2020 will be an exciting year for the Turlock Golf and Country Club. I am proud of what we have accomplished this year and appreciate all the work by staff as well as the support from the membership. Your 2019 Board has worked diligently and intentionally to set us up for success. The work has begun but it is only the start. I ask that you continue to be involved, be informed, and be open to change as your next Board continues the work we started this year.

The Turlock Golf and Country Club is a great place. Our golf course is the best in the Valley. I am truly looking forward to the improvements we will continue to make in the coming years. Thank you for allowing me to serve as your 2019 Club President!

See you at the Club!

Steven Williams
Club President

To all our Members-

Thank you!

For your donations to our holiday fund, we consider ourselves so lucky to work here and be part of the TGCC Family!

♡ TGCC Staff
Happy New Year! January 19th begins the new year for the Couples’ club with Jeff Hansen and Lupe Gamez hosting the event. The Freeberg’s and the Hendricksons are in charge of the 2020 Couples club events along with the members who are hosting each month. A big thank you to Carol Berry for all her hard work over the last three years. We also want to thank Marge Sisk for all she has done as treasurer of the club. We are looking forward to a fun and exciting year and playing golf with all of our friends!

Handicap Committee

By Ken Rivera

Major Revisions to Handicap System 2020
Beginning this month, the USGA is implementing the new World Golf Handicap system to bring uniformity to golf handicapping on a worldwide basis. There are eight key changes upcoming.

1. Minimum number of scores to establish a Handicap Index and maximum Handicap Index of 54.0
2. Basis of calculation of Handicap Index
3. Acceptability of scores for handicap purposes
4. Course Rating and Slope Rating
5. Calculation of a Playing Handicap
6. Maximum hole score for handicap purposes
7. Adjustments for abnormal playing conditions
8. Frequency of updating a Handicap Index

I will cover all of these changes in the newsletter but because of the limited space, I will cover as much as possible each month.

#1 – In order to encourage new golfers to take up the game, the minimum number of scores to establish a handicap is now regulated by the number of holes. Any combination of 9-hole rounds or 18-hole rounds to equal a 54-hole minimum is enough to establish a handicap and the maximum handicap index for any golfer, male or female to now 54.0

#2 – The number of scores used in the handicap calculation will now be the best 8 of the last 20. This is to increase the responsiveness of the handicap to a player’s real ability. Also, the 96% reduction of the average index will no longer be used in the calculation.

#3 – The maximum hole score is now a net double bogey. Defined as par + 2 + handicap strokes for that hole. Example: A handicap 18 golfer receives one handicap stroke per hole and plays a par 5. The calculation would be 5+2+1 = 8 as the maximum score.

If you need any details concerning these changes, please contact me or the pro shop. Immediately, please remember, net double bogey is now the maximum posted hole score beginning in January 2020. More next month!
